

## Meeting Minutes 3: Final Touch-Up and Testing

**Date:** November 28, 2024

**Attendees:** Entire Team

### Agenda:

1. Final integration between frontend and backend.
2. Testing strategy and identifying bugs.
3. Documentation progress.

### Discussion:

- **Frontend:**
  - Wishlist, cart, and reviews functionality fully implemented.
  - Added validation checks for all input forms.
- **Backend Integration:**
  - API calls for all features working (login, account creation, cart updates, reviews).
  - Error handling for API failures added.
- **Testing:**
  - Unit tests implemented for frontend forms and backend API endpoints.
  - Integration tests in progress, ensuring seamless communication between frontend and backend.
- **Documentation:**
  - README draft created.
  - Added team hours and roles for Deliverable 3 in the README.

### Decisions Made:

- Finalize and freeze code by December 1.
- Schedule end-to-end testing for December 2.
- Allocate extra time for documentation completion if needed.
